

MultiTek
E l e c t r o D e v i c e s

ABOUT US

- Multitek is a quality-driven organisation that offers an extensive range of electric motors, epcos ferrite cores, torrieds, hitech wire wound resistors, raychem polyswitches and ress. fuses.
- Today, with more than 12 years of experience in the field, we at Multitek are highly valued among our clients for trading, supplying and distributing a varied range of electric components.
- We are supported by a team of highly-skilled and hard-working individuals who strive to complete each order with expertise and competence.

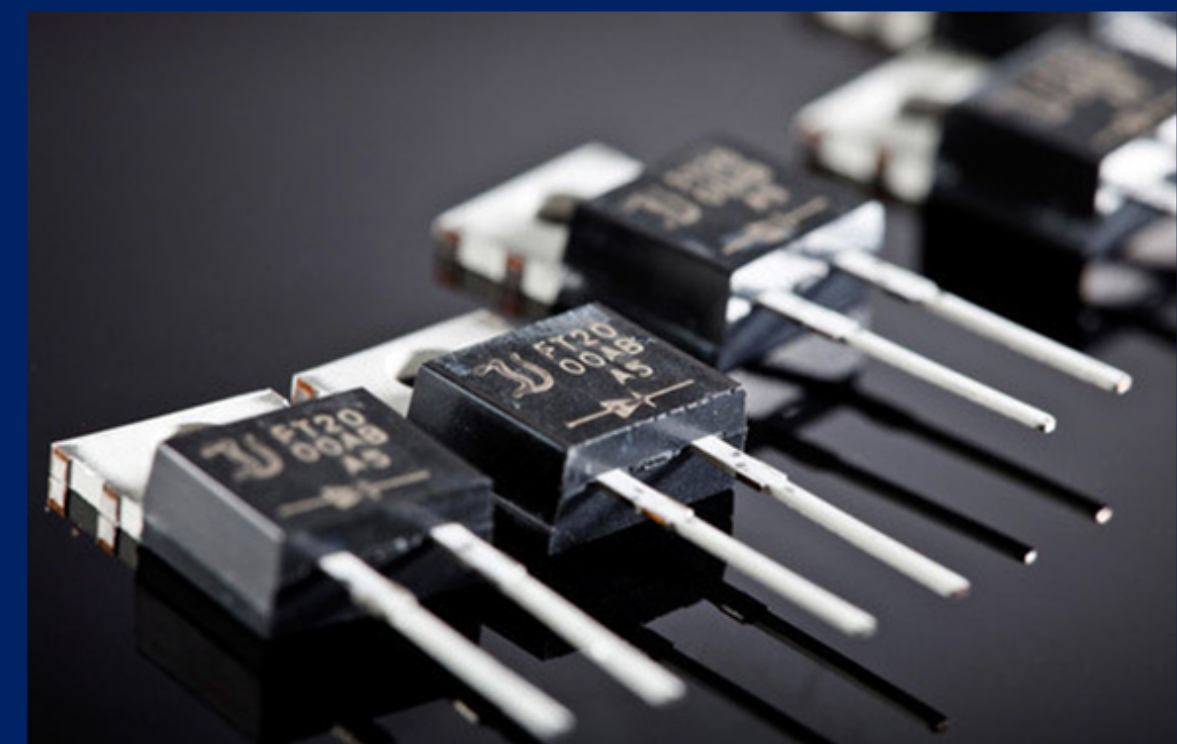

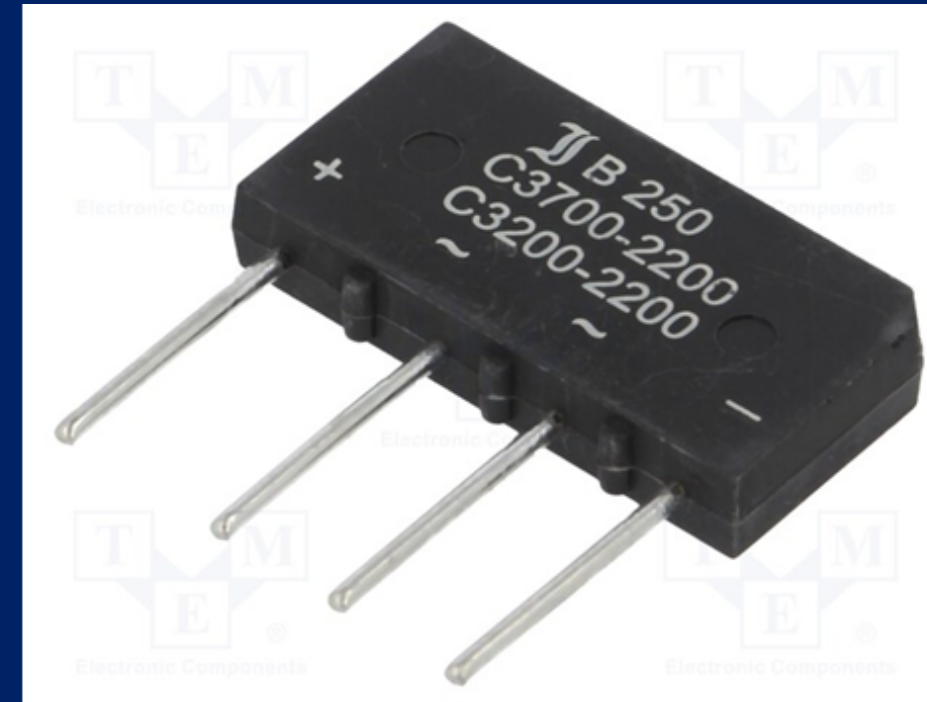

WHY US?

- At Multitek, with an experience of more than a decade, our team comprises of skilled professionals who have knowledge and a clear understanding of the industry.
- We embrace innovation and are constantly on the look out for what is best for the customer in their respective field.
- We offer a comprehensive range of products and aim to cover every aspect of the industry.
- We are committed to delivering quality in everything we do.
- Choosing Multitek means partnering up with a trusted brand that will commit to your success.

OUR PRINCIPLES

- Rectifiers
- Bridges
- Diodes
- Transistors
- Triacs
- MOSFETs
- Regulators

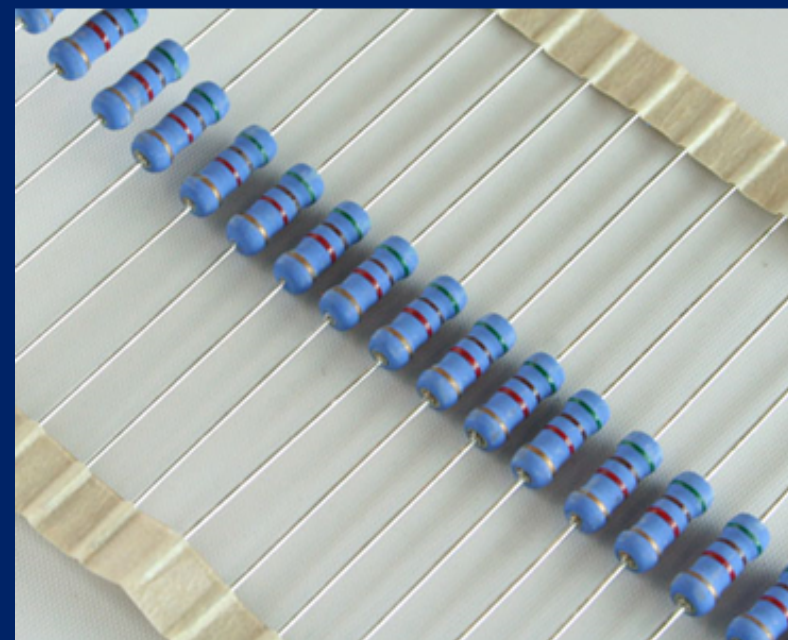

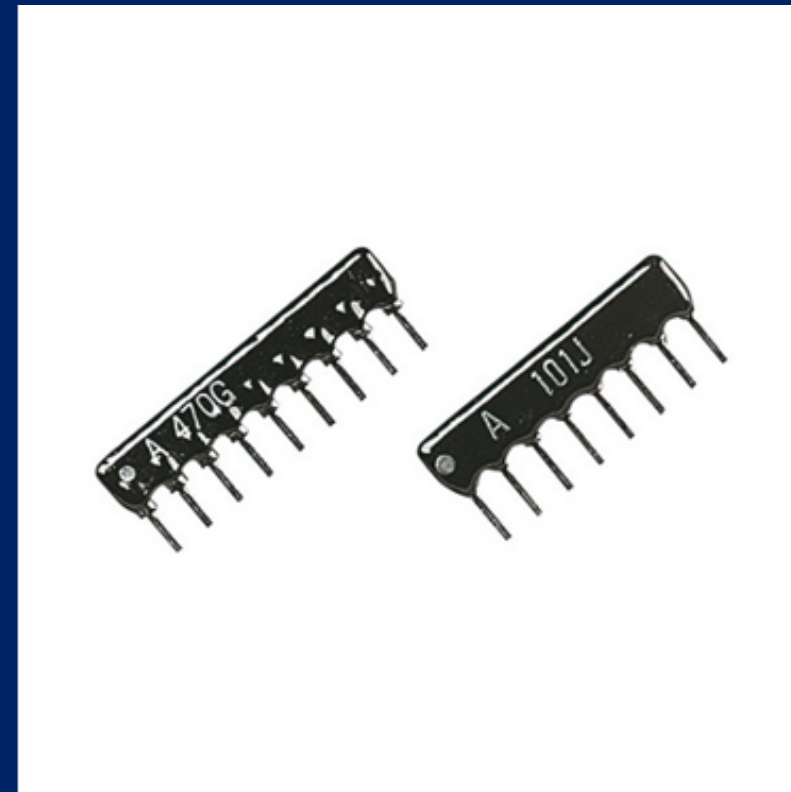

- Wire Wound Resistors
- Current Sense Resistors
- Surface Mount Resistors
- Shunt Resistors
- Silicon Based Resistors
- Ceramic Resistors
- Customized Resistors for Specialized Applications

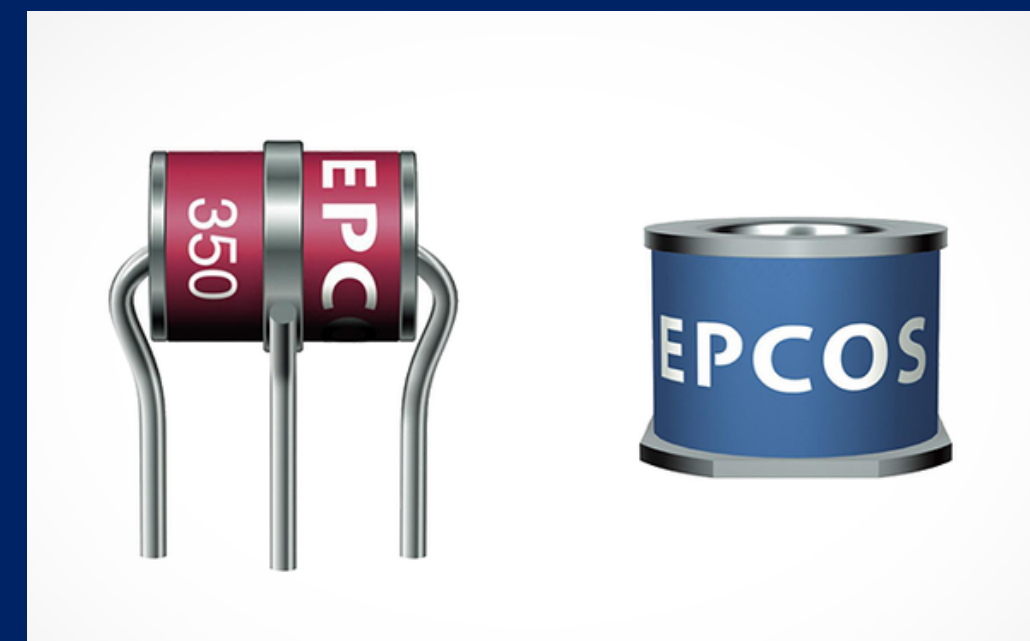

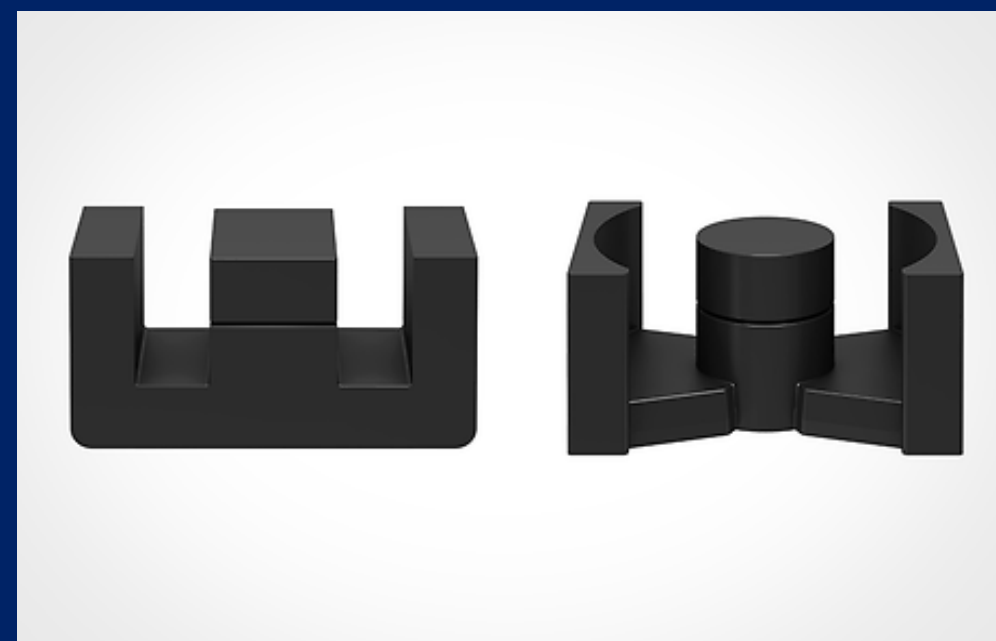

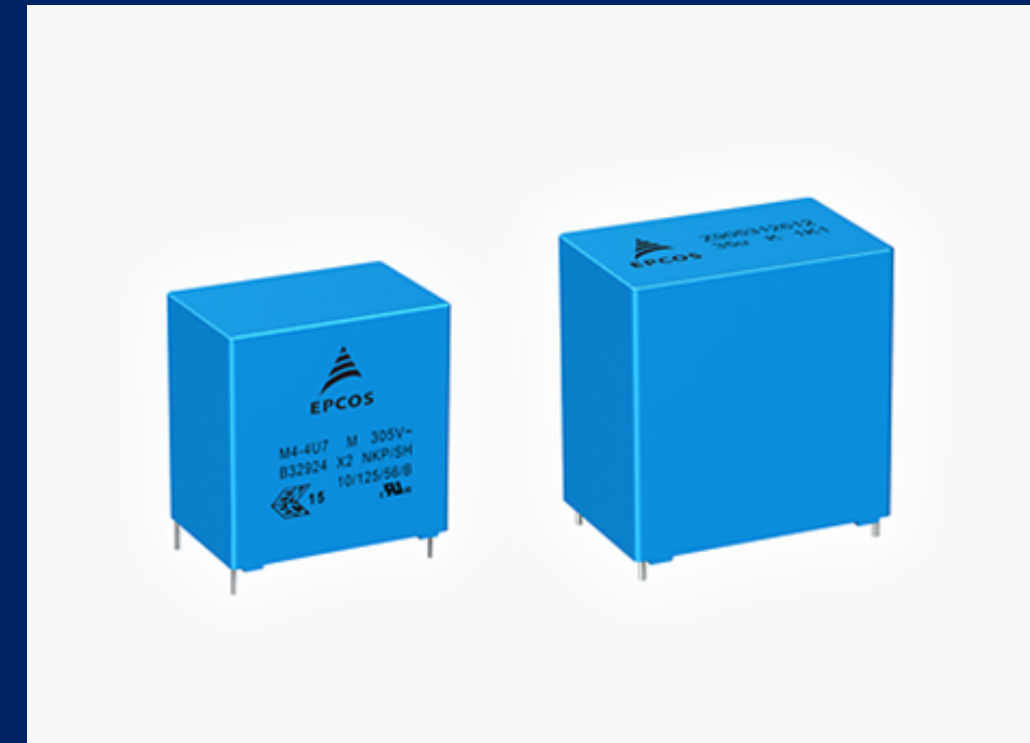

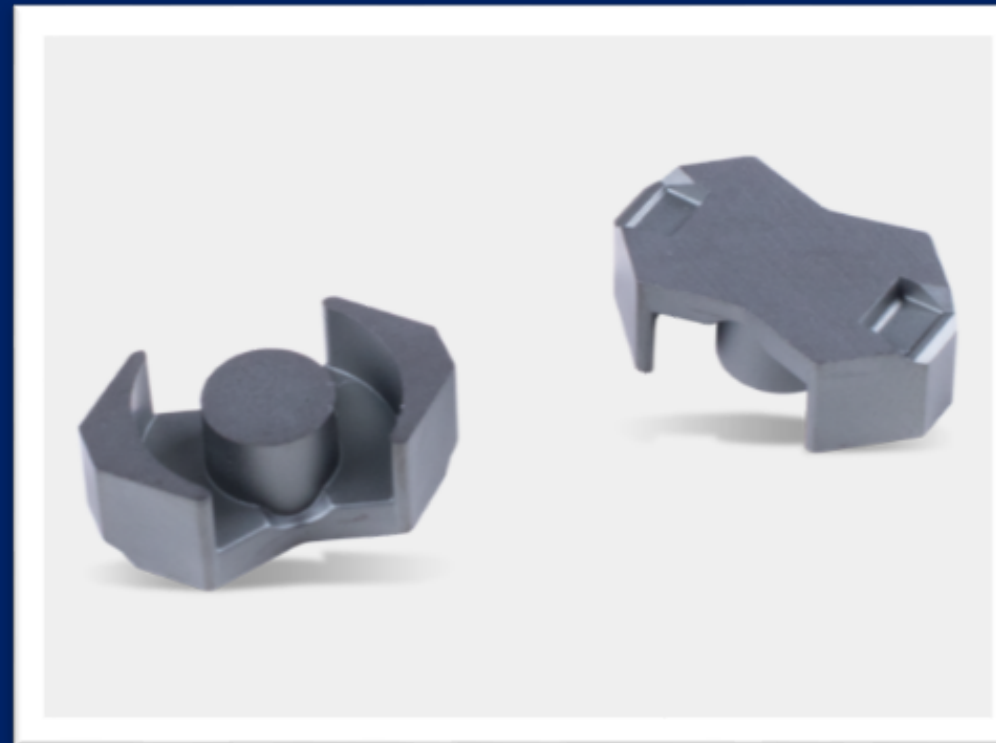

- SMD
- SIL
- Through Holes
- Cement
- Industrial Powers
- Jumpers
- SHUNTS
- MELFs

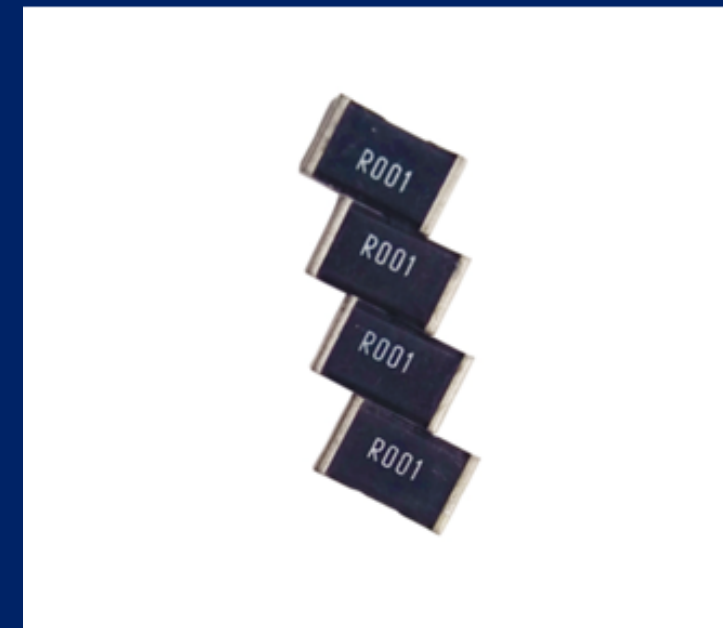

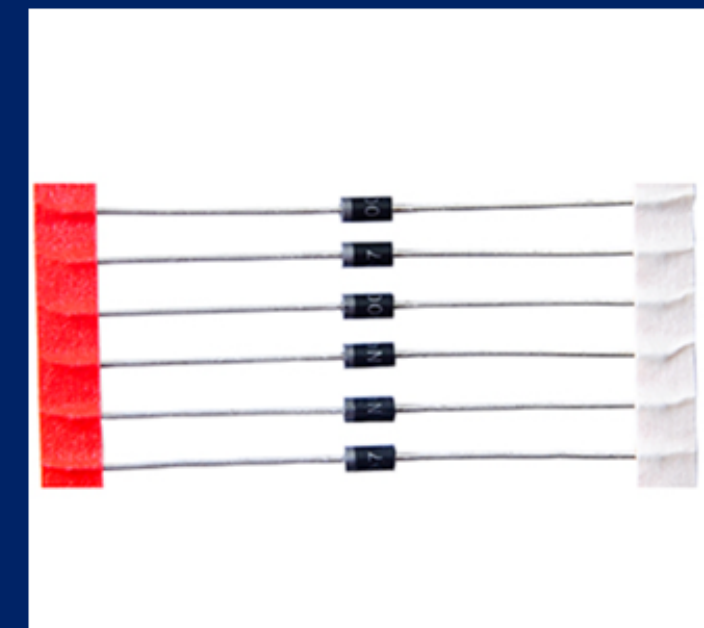

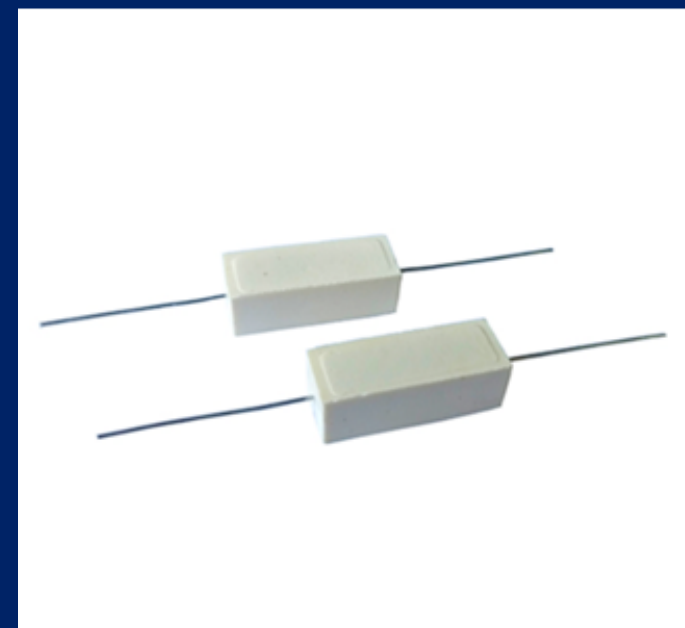

- Ferrite Cores
- Film Capacitors
 - Box & Dip Type
- CDI Capacitors
- X2 Filtering Capacitors
- Surge Arrestors
- Thermistors – NTCs & PTCs

- Carbon Resistors
- Metal Film Resistors
- Wire Wound Resistors
- Low Ohm Resistors
- Chip Resistors
- Diodes

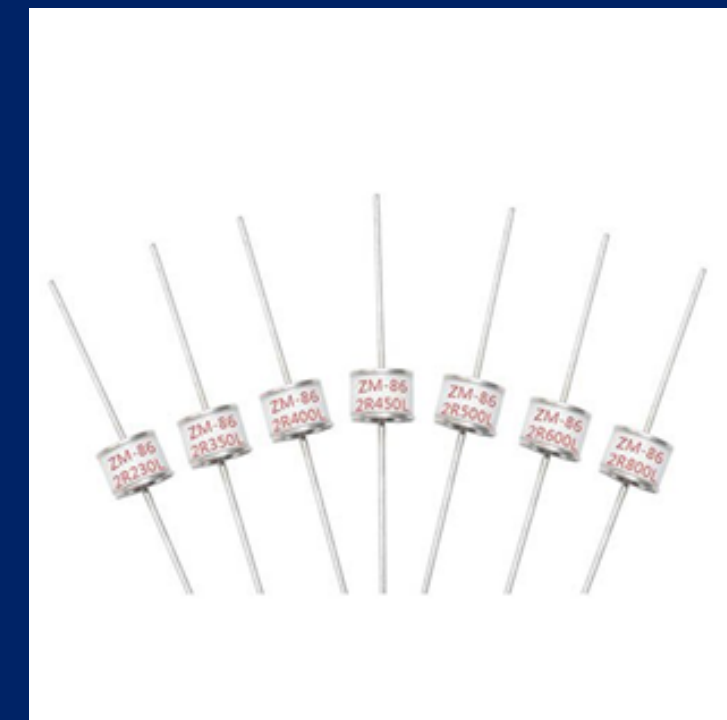

- MOSFETs – for lighting & power applications, with a regular stock of 6N80, 10N80, 13N80, 15N80
- GD Tubes – Specialised for Surge Protector Devices & Drivers, both 10KA & 20KA surge handling.
- Resettable Fuse

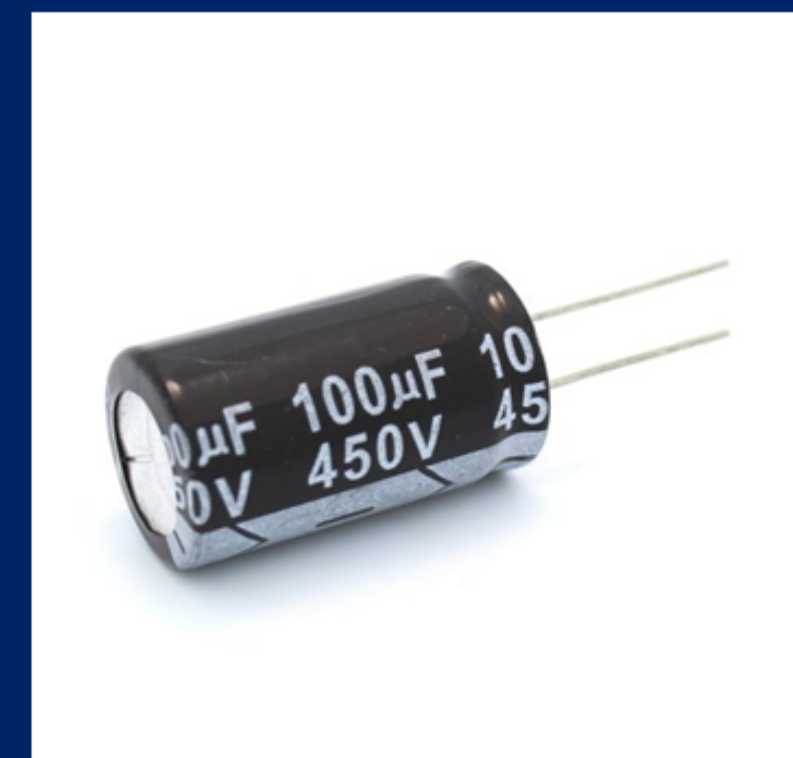

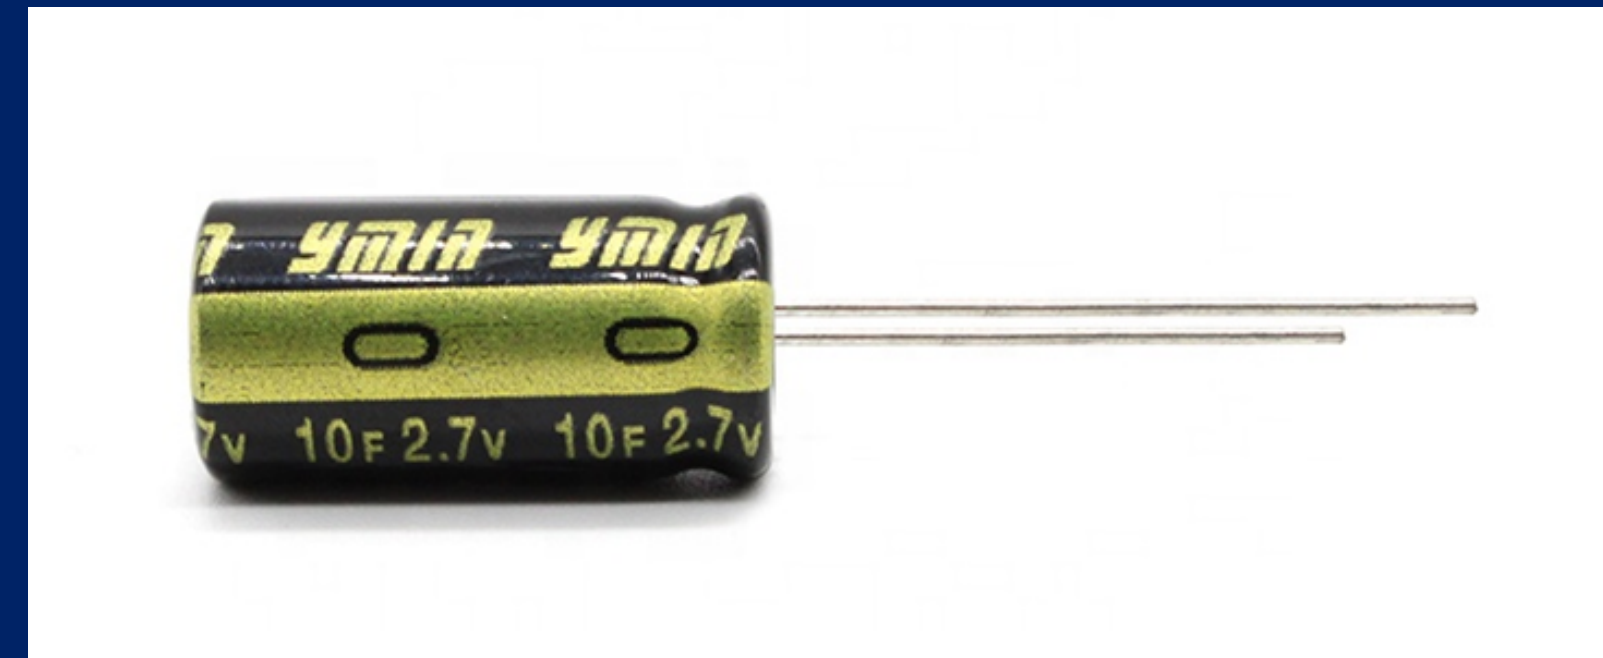

- Standard MOV – Varistors
- Thermal MOVs – TMOVs
- GD Tubes – GDTs
- Customized Antenna Solution Products
- Automotive Relays
- Ebusbar – Relays, Connectors & Busbars

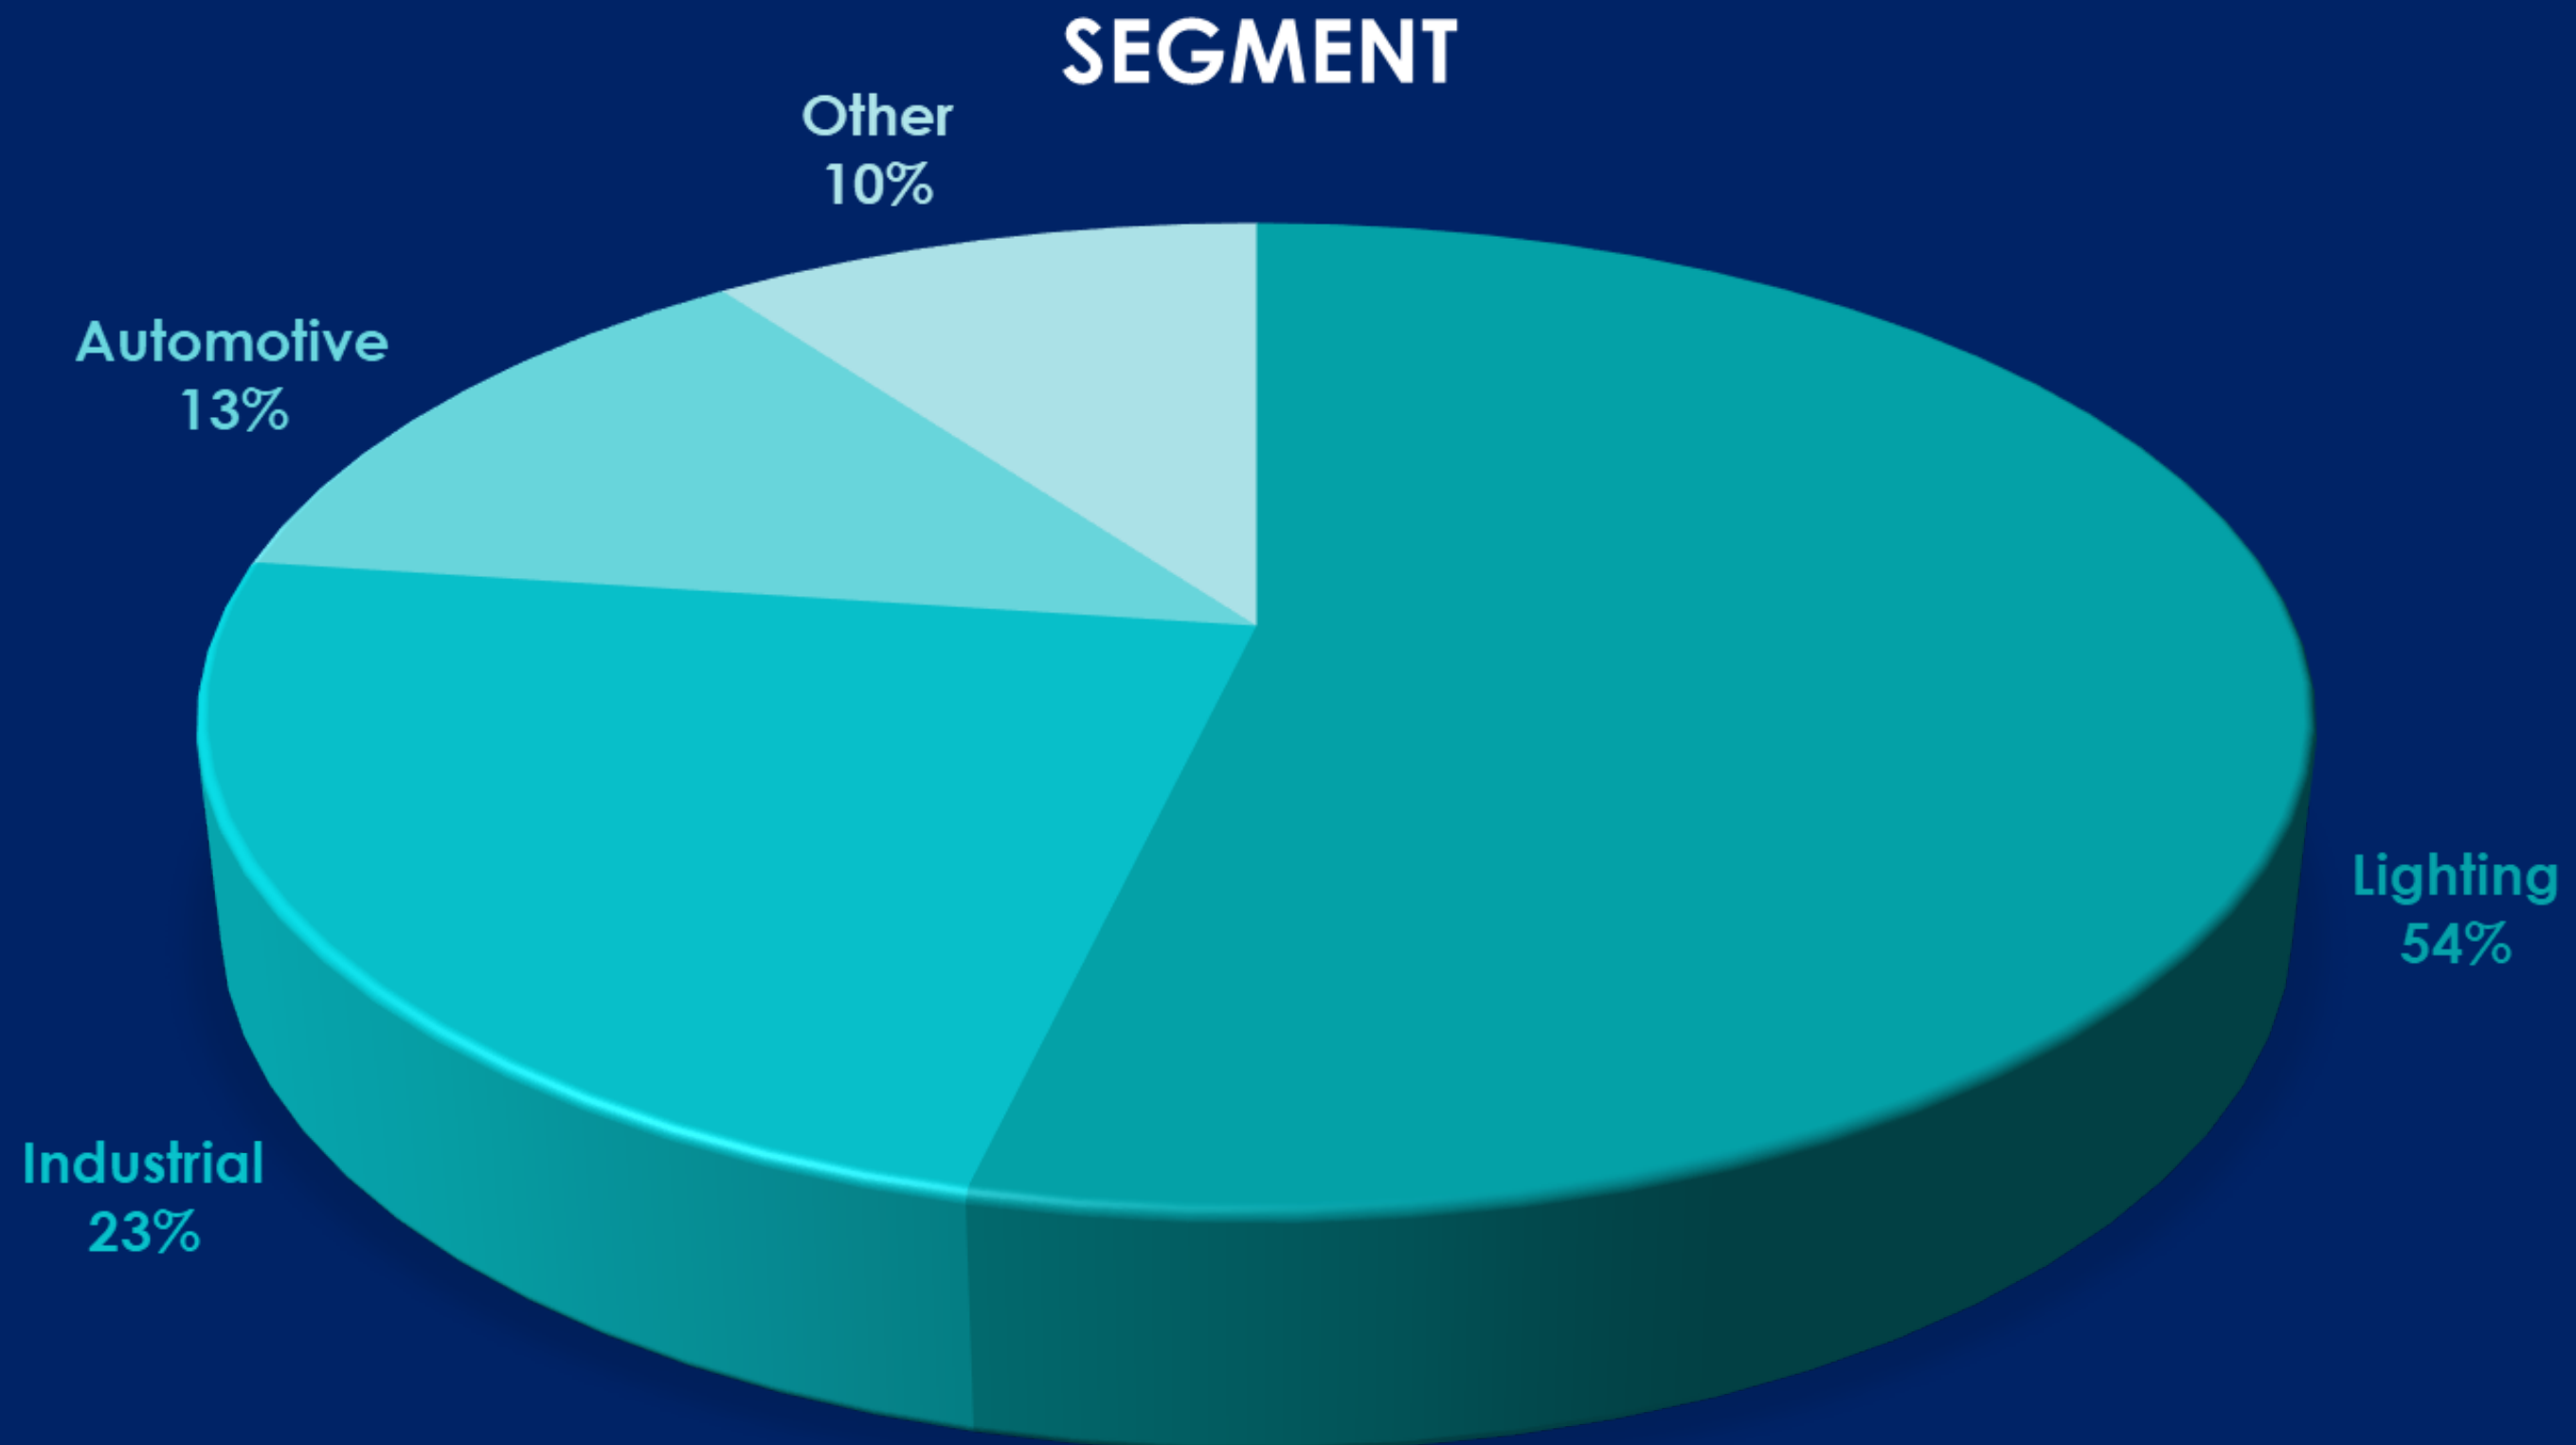

- Aluminium Electrolyte Capacitors
- Ceramic Capacitors
- Elcap for Lighting Applications
- Standard & Customized Snap in Caps for SMPS
- Screw Terminal Caps for Inductions and Invertors
- SMD Elcaps – both Standard and Auto Grade
- Fast Charge Polymer Caps

MARKET WISE SEGMENTATION

Mumbai Office: 210, Champaklal Industrial Estate,
Sion East, Mumbai – 400022

Pune Office: 167, Apeksha, Pune–Saswad Road,
Phursungi Fata, Pune – 412308
